Note

Actual Cost of Examinations

Rs as ps
8330 – 10 – 5

Amount available in the Budget to meet the Expenditure — 7940 – 1 – 1

Excess Expenditure which has to be sanctioned — 390 – 10 – 5

Income from fees from Candidates — 8056 – 1 – 1

Income falls short of Expenditure by — 8330 – 10 – 5 / 8056 – 1 – 1 = 274 – 10 – 5

The amount of Rs 390-10-4 expended over and above the Budget has now to be sanctioned either from the General Savings in the Village Schools Fund Budget, or from a Supplemental grant thereto

In 1898-99 & 1896-97 the excess was sanctioned from the General Savings (vide Nos 45 & 28)

In 1897-98, a supplemental grant was sanctioned (sl no 39)

An advance of Rs 780 has been sanctioned for distribution among the Superintendents of the various centres. This should be adjusted.

Please see Serial no 49

The essential condition as laid down in para 4 of Govt Pro no 6912-13T / Ed 163 dated 2 December 98 is that the Expenditure on account of these examinations should be kept within the amount of fees collected

Last year the income exceeded the Expenditure, but this year the income falls short of Expenditure "owing only to the disturbing influences of plague"

To

The Secretary to the Government of Mysore
in the General and Revenue Departments

SIR

I have the honour to inform you that the Pandits, the Upper Secondary and Lower Secondary Examinations of 1899 were held as usual in the month of December — the first at Mysore and the latter two in the eight District Head quarters and at Channapatna and Chikballapur For the Pandits' Examn 7 candidates appeared and 3 passed, for the Upper Secondary Examination 41 appeared and 24 passed and for the Lower Secondary 2062 appeared and 1076 passed

though comparatively a bigger number presented themselves for examination in December 1899 than in December 1898, the number of candidates who registered their names fell from 2455 to 2182, owing solely to the disturbing influences of plague

2 In consequence of the decrease in the number of candidates registered for Examination, there was a perceptible decrease in the income from fees from ~~Rs 9202 to Rs 8056~~ The fees decreased from ~~Rs 45~~ to ~~Rs 40~~ in the Pundits' Examination from ~~Rs 284~~ to ~~Rs 223~~ in the Upper Secondary and from 8873 to ~~Rs~~ 7793 in the Lower Secondary Examination, the total loss amounting to ~~Rs~~ 1146 About ~~Rs~~ 74 may be expected from fees for the Teachers' Certificate Examinations which will be held in June next

3 The expenses incurred on account of the above examinations and the

the Teachers Certificate Examinations which were held in the month of June 1899 but of which the charges have to be adjusted during the current official year amount to Rs 8330—10—5, against Rs 9036—8—3 expended in the previous year Of the total charges the remuneration to Examiners amounts to Rs 7365 against Rs 7707 in the previous year Of the former amount Rs 6993 relate to the Examinations of December 1899 and Rs 372 to those of June 1899 The contingent charges amount to Rs 965—10—5 which is Rs 363—13—10 less than in the previous year The decrease is due to a large amount of printing Work which was done at private presses and paid for in 1898 having been done free of cost this year at the Government Central Press Though the total cost of the Examinations of June and December 1899

is less by Rs 705-13-10 than that of the examinations of the previous year, it exceeds the receipts from fees by Rs 274-10-5 and the sanctioned provision in the Current year's Village School Fund Budget which is Rs 7940, by Rs 390-10-5

4. I request that Government may be pleased to sanction a grant of Rs 390-10-5, in addition to the sum of Rs 7940 provided in the Village School Fund Budget under V Local Examinations

I have the honour to be,
Sir,
Your most obedient servant

From

H J BHABHA Esq

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore

General and Revenue Depart

SIR

With reference to your docket No 10476/8729/96 dated the 20th instant observing that it is not clear why the expenditure connected with the recent Local Examinations was not kept within the Budget allotment or at least within the fee income or how the remuneration payable to the Examiners is fixed, I have the honour to inform you that all possible economy is observed in the expenses relating to these Examinations both in respect of Contingencies and remuneration to Examiners and yet it has not been possible to bring the expenditure down to the limit of the provision allotted in the Budget, as the provision is

Considerably less than is actually needed -
I have more than once brought this fact to the
notice of Government and in my letter No
1540/46 dated the 16th August 1898 I requested
that the provision might be raised to Rs 9000,
which was about the expenditure incurred
in previous years But it was raised to only
Rs 7940 which amount is exclusive of Rs 60
allotted for office Contingencies The Contingent
charges of the examinations vary with the
number of Candidates appearing for
Examination and cannot be reduced to
anything less than the actual requirements
of each year The rates of remuneration to
Examiners are moderate and cannot be
reduced without impairing the efficiency
of the Staff of Examiners selected every year

2 The expenditure could not be kept
within the fee income, because there was a
Considerable fall in the number of Candidates
Registered for examination and Consequently
in the amount of fees realized, as explained
in para 2 of my letter No 823b/373 dated the
3rd instant The income from fees in a

was gradually raised and was on a fair way to
cover the cost of the Examinations till last year
It rose from Rs 7464 in 1896 97 to Rs 8419 in 1897-98
and to Rs 9202 in 1898 99, while the expenditure
in that year was Rs 9031-8-3 When the Examina-
tions were thus becoming self supporting a corres-
ponding fall in income from fees received a check in the current year by
the disastrous effects of plague which reduced heavily
the number on the rolls of most schools The
number of Candidates for examination which was
advancing from year to year, suddenly fell as
a large number of pupils who would otherwise
have sent up their applications did not do
so, lest they might be prevented from
attending the examinations by an outbreak
of plague either in their own place or in the
several centers of Examination The amount
of fees to examiners and the Contingent expenses
were both less than the corresponding charges
of the previous year, but they were unavoidably
more than the amount of fees realized owing
to a sudden fall in the income from this
source caused by a fall in the number of
Candidates Registered for examination

The fall I believe is but temporary and unless unforeseen circumstances intervene, will be redeemed by a satisfactory increase in the Commercial Years

3 Till 1897 remuneration was paid to Examiners at certain prescribed rates, on the number of papers Valued by them But, in May 1898 the Committee for the Management of the Local Examinations, with the view of lessening and definitely fixing the remuneration of Examiners, decided that the examiners except in the case of the Teachers certificate examination, should be paid according to subjects without reference to the number of papers examined by them, and therefore assigned a lump sum to each subject, which was calculated on the amount earned by each examiner in the previous years when his remuneration was regulated by the number of papers valued by him Only in an exceptional year like the one in question this change appears to be

disadvantageous But as the number of candidates for the Local Examinations is bound to increase from year to year and the present rates of remuneration are not subject to alteration except once in two or three years when there is a substantial increase in the number of Candidates it will be seen that the Board took every precaution to lessen and limit the remuneration of Examiners

Under these circumstances, I request that Government may be pleased to sanction the payment of the charges of the Local Examinations of 1899 as early as practicable

I have the honour to be,
Sir
Your most obedient servant

H J Bhabha
Inspector General

Read - - -

Letter no 5236/373 dated 3rd March 1900 from the Dpty. of Education on all powers, requesting that a grant of Rs 390-10-5 may be sanctioned in addition to the sum of Rs 7940 provided in the Village School Fund Budget of the Current year under F "Local Examinations

Ec Er 57/32 of 1899 - 6

2) Letter no 8968/410 dated 23rd March 1900 from the same officer explaining with reference to this Offices Docket no 10476/Ed F 29-96 dated the 20th idem, the circumstances under which the expenses of the above Examinations have exceeded the income realised from fees

Order thereon no 11579-20/Ed F 29-96 Dated 17-4-00

Nos 180

In the first of the letters cited above the I Lyl reports that the charges of the Ellpore Local Examinations held in the months of June and December 1899 amounted to Rs 8330-10-5, as against Rs 9036-8-8 in the previous year, as per details in the margin. The expenditure exceeds the income realised from fees by Rs 274-10-5, and the Budget Provision by Rs 390-10-5. The I Lyl states that it was not possible, to keep the expenditure within the fee income, in a year like 1899 when owing to the disturbing influence of plague, there was

12

× Remuneration to Examiners 7365-0-0
Contingent charges 965-10-5
Total 8330-10-5

a decrease in the
No of Candidates registered for these examinations, and consequently, a perceptible decrease in the income from fees, which fell from Rs 9202, in the previous year, to Rs 8056 in the year under notice

2) Govt observe that the expenditure on account of these examinations must be kept within the income realised from fees, and the remuneration to examiners and contingencies etc regulated accordingly The Committee may be called upon to devise some means

by which the expenditure would invariably be well kept within the income.

3) With the above observations, the ~~Expenditure~~ Cost of Rs 390-10-5 incurred over and above the Budget Provision, in the year 1899, is sanctioned from the general Savings in the village School Fund Budget of the current year and with the hope that such excess cost will under no circumstances be incurred in future years

~~Govt hope that such Excess Cost will under no Circumstances be incurred in future years~~
